Minority Scholarship Award Policies

- A. Students must demonstrate both financial need and merit to be eligible for assistance. Among those students with comparable financial needs, merit factors including community involvement, academic achievement, and extracurricular activities will be considered.
- B. Selection of minority scholarship recipients will be based upon changing demographics in education.
- C. The “Last Dollar” award concept is the best way to maximize scholarship resources, meeting students’ remaining need after all other resources (family, federal, state and institutional) have been exhausted.
- D. In an effort to assist a larger number of students, the total annual scholarship award to any single student usually will not exceed \$2,000, unless a larger award is warranted by special circumstances.
- E. Scholarship awards are exclusively applicable to tuition, fees and book expenses, and are paid directly to the school financial aid office for deposit to the student’s account.
